ROYAL, PALM

TERMS OF SALE.

ALL QUOTATIONS in this catalog are for immediate acceptance, subject to stock being sold.

While we exercise great care to have our trees and plants true to label, and hold ourselves in readiness, on proper proof, to replace any or all plants which may accidentally prove untrue to label, free of charge, or refund the amount paid, therefor, it is mutually understood and agreed between the purchaser and ourselves that we shall not be held liable for a greater amount than paid for the plants.

We make no charge for packing and delivery to the carrier.

We do not care to fill orders for less than one dollar.

Unless otherwise specified all our plants are POT GROWN and can be transplanted at any time of year.

Our plants are grown under natural conditions and our customers will find them healthier and more vigorous than those grown under artificial conditions.

Plants marked O. G. are from open ground.

FLOWERING PLANTS.

Aralia Papyrifera. Rice Paper Plant of China. Leaves large and palmate, silvery on under side. Flowers white and small. 25c.

Caesalpinia Pulcherrima, Dwarf Poinciana. A quick-growing shrub. Covered most of the year with large clusters of red-and-yellow flowers. A fine shrub for Florida. 15c and 25c.

Hibiscus Rosa-sinensis. Chinese Hibiscus. One of the most valuable shrubs for planting out in South Florida. They flower freely all summer and show some bloom all the time. If cut back by frost the shoots from the roots will bloom profusely the first season.

Double Pink. 15c and 25c,

Double Scarlet. 15c and 25c.

Schizopetalus. Rich red flowers, curiously cut petals. Very fine. 25c.

Peachblow. Large double flowers of soft pink with deeper center. 15c and 25c.

Single Scarlet. The grandest of the Hibiscus, Flowers from 4 to 6 inches across of a brilliant red. Blooms continuously. The best for avenue planting. 15c, \$1.50 per dozen, \$10.00 per hundred. Larger 25c, \$2.50 per dozen.

White. Light pink when first open, changing to pure white. 50c.

Jacobinia Coccinea. Suitable for bedding. Grows to about four feet with flowers of red; in spikes. Blooms freely. 10c, 15c, and 25c.

Lagerstroemia. Crape Myrtle. Deciduous. One of the finest shrubs as well as one of the easiest to grow. Reaches a height of about 15 feet. When in bloom they are covered with large panicles of beautiful flowers. Hardy in the southern states. Colors Crimson, Purple and white. Plants from open ground. 10c. \$1.00 per dozen

Nerium. Oleander. An old favorite and one of the showiest of ever-blooming shrubs. Colors, red, pink, white and yellow. Open ground 20c. \$2.00 per dozen: larger 35c. \$2.50 per dozen.

N. Variegata. Variegated Oleander. This has beautiful foliage. Leaf green, with broad band of creamy-yellow along the edges. Flowers double pink. 35c. \$3.25 per dozen.

Russellia juncea. (Fountain Plant.) A plant with very little foliage, long willowy, dark green branches with small scarlet flowers. 25c, \$2.50 per dozen.

FOLIAGE and DECORATIVE PLANTS.

- Acalypha Marginata*. Large leaves margined with red and cream. Grows to 10 ft. in open ground. 15c and 25c.
- A. Miltoniana*. Gracefully drooping, irregular leaves, long and slender; green with white margin. 15c and 25c.
- A. Mosaica*. Mosaica-leaved. Grand plant. Leaves of green, yellow and red shades. 15c and 25c.
- A. Sanderi*. Leaves green. Flower spikes long and drooping, of a brilliant scarlet. 15c and 25c.
- Acanthus Montanus*. An attractive, and also a very interesting plant. Leaves about one foot long, dark olive-green and very irregular in shape. Flowers white. 50c and \$1.00.
- Aralia Balfouri*. Leaves round variegated green, cream and white. 35c.
- A. Filicolia*. Foliage fern-like. Makes beautiful plant. 25c and 35c.
- A. Guilfoylei*. A showy plant. Leaves compound, variegated cream, white and green. 15c and 25c.
- Asparagus Elongatus*. An upright grower, sends out stems to 6ft. in height, terminating in a broad head of fine, dark green foliage. 35c.
- Asparagus Plumosus*. An excellent house plant and may be grown out doors in Florida. Foliage lasts for days after being cut. 10c and 25c.
- A. Madagascariensis*. New. Erect growing. Grows about six inches high and fine for fern dishes. 35c.
- A. Sprengeri*. Very valuable for hanging baskets. Makes long, trailing fronds; very pretty. 15c and 25c.
- Aspidistra Variegata*. A tough house plant. Insects never seem to attack it. Leaves broad, striped with white. 50c.
- Crotons*. Excellent plant for decorative purposes; gorgeously colored with different combinations of green, red, yellow white, bronze etc.
Very easily grown and are used extensively in the north for summer bedding and in Southern Florida for permanent bedding,
- Croton. Alice*. Broad leaves of red, yellow and green markings. 15c to 25c.
- C. Andrianum*. Leaves broad of red, orange and yellow. 25c and 50c.
- C. Aucubaefolium*. Broad green leaves with yellow spots. Under surface of leaf bronze. 15c to 35c.
- C. Aureo-Maculata*. Leaves narrow, green spotted yellow. 15c to 50c.
- C. Aurea Ovalifolio*. Leaves green and yellow. Medium broad. 25c and 50c.
- C. B. Comte*. Leaves broad of yellow red green. 15c and 25c.
- C. Bachii*. Very wide leaf. Pink and dark. 25 and 50c.
- C. Beauty*. Leaves medium broad; highly colored, yellow, pink, red and green. 25c and 50c.
- C. Formosum*. Leaves long and narrow; red green and yellow. 15c and 25c.

- C. Ingomar.** Leaves long and narrow; green and yellow. 25c.
- C. Inimitabilis.** Very bright. Crimson, yellow and green. 15c and 35c.
- C. Irregulare.** Leaves irregular in shape; red, yellow and green. 25c.
- C. Johannis.** Very long leaves, green with bright yellow markings. This is one of our finest crotons. 15c to 50c.
- C. Lady Zetland.** Leaf narrow; red, yellow and green. Very pretty. 25c.
- C. Maculata Katoni.** Leaves green, yellow and spotted. 15c, 25c, and 50c.
- C. Nestor.** Leaves olive, with pink midrib and green spots. Fine bedder and one of the finest crotons. 25c and 50c.
- C. Picturatum.** Leaves long and narrow, green, red, orange and yellow. 15c to 35c.
- C. Reedi.** Wide leaf, green, pink and red. 25c.
- C. Rex.** Leaves long and graceful. Green, yellow and red. 25c.
- C. Queen Victoria.** Broad leaves, yellow, chocolate and crimson. Great favorite. 15c to 50c.
- C. Salamonia.** Leaves red and green, yellow spots. 25c.
- C. Undulatum Quercum.** Leaves medium broad of yellow, red, pink and green. 25c.
- C. Veitchii.** Leaves green, yellow, and red. 15c to 35c.
- C. Williamsii.** Broad leaf; yellow green, pink and red. 25c.
- Coleus.** We have a good variety of this fine bedding plant. 10c, 75c per doz.
- Ficus Altissima.** This is one of the finest of rubbers. Leaves roundish with prominent veins. Makes a beautiful tree when planted out. Hardy in South Florida. 35c and 60c.
- F. Elastica.** One of the best for decorative purposes. This is also a fine tree for shade in South Florida. 35c and 50c.
- Ficus Parcelli.** A large shrub with large, deep-green leaves, marbled with white. 50c.
- Ficus elastica variegata.** A beautiful variegated form of *Ficus elastica*. Beautiful new plant. \$1.00.
- F. Pandurata.** The leaves of this grand plant are of a rich, dark green; banjo-shaped and very large. Fine plants, 75c and \$1.50.
- F. Utilis.** Leaves very thick, about 10 inches by 5 inches; rich green with midrib and veins ivory white. 75c, and \$1.00.
- F. Wendlandi.** Leaves large and heart-shaped, of a rich dark green. 50c.
- Cyperus.** (Umbrella Plant). An excellent plant for the house, and can be grown as a subaquatic. Should always be plentifully supplied with water. 15c.
- Dieffenbachias.** A handsome decorative plant, with green leaves variegated with creamy-yellow. 25c.
- Dracaenas Amabilis.** Leaves green, marked with pink and white. 50c and \$1.00.
- D. Baptistii.** Foliage long and broad; cream, orange and red. 35c and 75c.
- D. Fragrans.** Leaves plain green. Very tough and a good plant for decorating. 35c.

- D. *Imperialis*. Dark green leaves with yellow midribs, with pink shadings. 50c and \$1.00.
- D. *Indivisa*. Leaves long and graceful. Used extensively for vases. Does well in South Florida in the open. 25c.
- D. *Lord Wolseley*. Leaves narrow, red bordered with bronze. 25c and 50c.
- D. *Massangeana*. This is a grand plant with golden yellow stripe through center of each leaf. 25c and 50c.
- D. *Stricta Grandis*. Leaves carmine red. 35c and 50c.
- D. *Terminalis*. Foliage crimson suffused with white and pink. 25c.
- D. *Victoria*. Broad leaves striped yellow. 35c and 50c.

PANDANUS UTILIS.

- Pandanus Utilis*. Screw pine. Resembles the pineapple plant. Leaves have small red spines along the edges. About 20 in. high 50c., 24 in. 75c.
- P. *Veitchii*. Graceful green leaves marked with broad white stripes. Very ornamental and a splendid house plant. 25c to \$1.00.
- Panax*. Beautiful plants for conservatory or for planting out in warm climate

- P. Balfouri.** Round leaflets of rich, ivy-green abundantly splashed with pure white. 25c and 50c.
- P. Gracillima,** Foliage deep green, with finely cut edges. 25c and 50c.
- P. Monstrosum Aureum.** Deep green foliage, with golden-green variegation. 25c and 50c.
- P. Victoriae.** Small, finely-cut foliage with white variegation. More white than any of the *Panax*. 25c.
- P. Victoria.** A very pretty variegated-leaved variety. 15c and 25c.
- Philodendron or Monstera.**
- Spectabilis.** Large heart-shaped leaves; dark green with light veins. \$1.00.
- Pertusum.** Hothouse climber with large perforated leaves. \$1.00.
- Giganteum.** Strong climber with large deep green foliage; splendid plant for a warm conservatory. \$1.00
- Phyllanthus, Snow Bush.** This shrub is very largely used for borders and hedges. Leaves green, white and pink. Plants from ground 15c, \$1.40 per dozen, \$10. per hundred. Pot-grown 25c. \$2. per doz.
- P. Alba.** A beautiful plant either as a specimen or in border. More white than former. From ground, 25c. \$2.00 per dozen, \$20. per hundred. Pot-grown 35c. \$3.00 per doz.
- Poinsettia Pulcherrima.** Beautiful winter flowering plant. Covered from Nov. till March with large red bracts. Used extensively by florists for decorating, and as a bedding plant in parts of Florida. 10c, 75c per dozen; larger 25c, \$2.00 per dozen.
- Ravenala Madagascariensis.** Traveler's tree of Madagascar. Resembles the banana with trunk like a palm. 75c and \$1.
- Sansevieria Zeylanica.** An elegant variegated plant, standing more hardship and abuse than any plant we know of. 15c. and 25c.
- Sansevieria. Z. Laurentii.** Resembles the former except the leaves have a broad yellow stripe along the edge. New and beautiful. 50c and \$1.00.

TREES

- Araucaria Bidwillii.** This tree is very symmetrical in its growth. Used in Southern Florida and California for planting out; where it does extremely well, making a large beautiful tree. \$1.00.
- A. Excelsa.** This is a favorite house plant and does well in S. Florida planted out. The Foliage is arranged in whorls, at regular intervals, and is very graceful. About 12 inches high 75c, about two feet high \$1.50, larger \$2.00.
- Casuarina Stricta.** Beef-Wood or She-Oak. Used in Southern California and Florida as an avenue tree, grows very rapidly. Leaves needle-shaped; wood very hard and valuable. 25c, \$2.25 per doz.; larger about 3 feet high 50c, \$5.00 per doz.

Eucalyptus Robusta. The most popular of the family for planting in South Florida. The leaves are broad and thick. The plant grows very fast and symmetrical, used as a wind-break, when they should be planted about six feet apart. These wonderful plants have been known to grow ten feet the first year from planting. Nice plants 15c, \$1.50 per doz., \$10.00 per hundred, \$75.00 per thousand.

YOUNG EUCALYPTUS ROBUSTA.

E. Rostrata. Grows faster, but does not make as good shade tree as Robusta. 10c, \$1.00 per dozen.

E. Tereticornis. (Gray Gum) Grows straighter than Rostrata and and is more beautiful. 10c, \$1.00 per doz.

Ficus, See decorative plant.

Grevillea Robusta, Australian Silk Oak. A grand tree for South Florida. The foliage is feathery and fern-shaped. Used for decorative purposes by florists. Makes an enormous tree. About 2 feet high 15c, \$1.50 per doz. Larger, 4 ft. to 6 ft. from open ground, 25c to 50c.

Poinciana Regia, Royal Poinciana This beautiful tree is becoming more and more popular as a street tree. Of very fast growth and easy culture; thriving in almost any position. In spring the tree is entirely covered with brilliant scarlet flowers. The

wonderful spread of this tree makes it very valuable as a shade tree. 15c, \$1.50 per dozen, \$10.00 per hundred. Larger, from open ground, 25c.

PALMS

Areca Lutescens. One of the most beautiful palms in cultivation for house decoration. Foliage rich green with yellow stems. Grows very bushy. Nice plants 50c; about 20 in. high 75c; 2½ ft. high, \$1.50, about 4 feet high \$3.50.

Caryota Urens. (Fish Tail Palm.) The ends of the leaves formed somewhat like the dorsal fin of a fish. Very pretty palm of quick growth. 25c to 75c.

COCOS PLUMOSA. Washingtonia Robusta in background.

Cocos Plumosus. This is one of the finest palms we have for planting in South Florida. Resembles the Royal Palm somewhat. Leaves 12 to 14 feet long of a very rich dark green. Will stand quite a bit of frost.

Young plants 25c, \$2.00 per dozen. \$14.00 per hundred.
larger 50c, \$5.00 per dozen, \$35.00 per hundred.
Prices quoted on larger quantity on request.

Cocos nucifera. The Coconut Palm. 2 to 3 feet high, 50c, \$5.00 per dozen, 4 ft. to 5 ft. 75c, \$8.00 per dozen, \$50.00 per hundred, O. G.

Cycas Revoluta, (Sago Palm.) Round stem crowned with dark green leaves. Will stand much neglect. Hardy in Florida. 25c and 50c.

Dictyosperma Alba. Slender palm of quick growth. About two feet 50c.

D. Rubra. Trunk slender, leaves tinted red. A nice plant for planting in Southern Florida. Small plants 25c larger 75c.

Latania Borbonica. A handsome Palm with large, deeply divided fan-shaped leaves. Makes a good pot plant and also useful for out-door planting. Small plants 25c, larger with character, 50c and \$1.00.

Oreodoxa Regia. The Royal Palm. When planted out, this is one of the most beautiful of palms. With its large, smooth, bottle-shaped body and long, green leaves; it is the Prince of Palms. A great many of these palms are found in extreme Southern Florida where they reach a height of over 100 feet. Young plants, 15c, \$1.50 per doz: \$10.00 per hundred, \$90.00 per thousand; larger, beginning character, 25c, \$2.50 per dozen, \$18.00 per hundred. about 3 ft. high 40c, \$4.50 per dozen, \$35.00 per hundred; larger 75c, \$1.00 and \$1.50.

Phoenix Canariensis. One of the hardiest of the date palms. Trunk very large with long green leaves. Used very extensively in California and Florida for out door planting. Beginning character, 25c, larger 50c.

Phoenix Reclinata. One of the fastest growing date palms we have. If the suckers are allowed to grow the plant makes an immense clump. The suckers can be removed for a few years when they will cease to sprout. Small plants 10c, \$1.00 per dozen, \$7.00 per hundred; larger with character 25c, \$2.50 per dozen. Nice plants of decorative size 50c and 75c.

Phoenix Roebelenii. A very graceful dainty little plant. It is as hardy as a kentia and succeeds admirably as a house plant. Nice plants 50c.

Phoenix Rupicola. This is also a fine plant for house decoration. Leaves long and feathery. Does extremely well in Southern Florida when planted out. 25c, 50c, and \$1.00.

Phoenix Zeylanica. Very dark green leaves and large trunk; slow grower. Nice plants fully characterized, 50c.

Washingtonia Robusta. One of the California fan palms, used extensively in Florida for avenue planting. Resembles our native palmetto, but more beautiful and faster grower. Small plants 10c, 1.00 per dozen, \$7.00 per hundred; larger, beginning character, 35c, \$3.00 per dozen, \$20.00 per hundred; larger, 50c. From 8 to 10 inch pots, \$2.00.

WASHINGTONIA ROBUSTA.

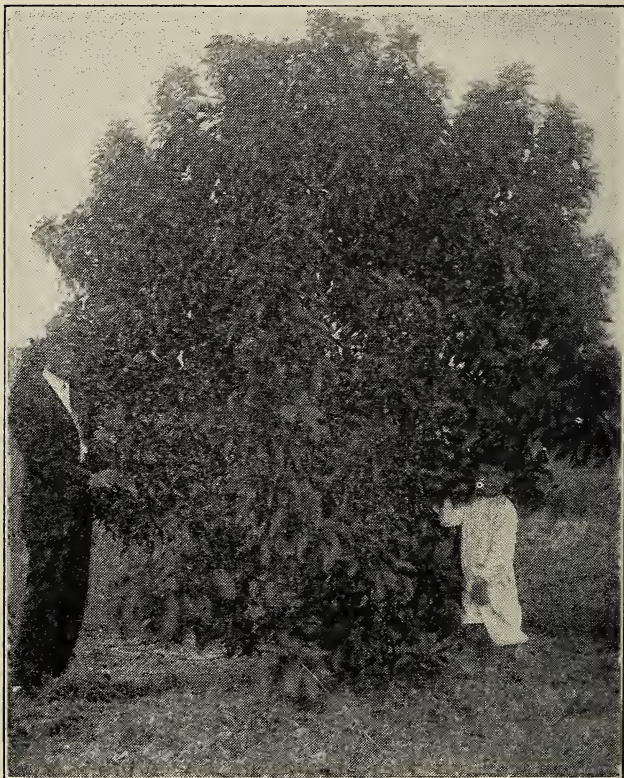

TROPICAL FRUITS

- Anona Reticulata.** Custard Apple. Native of South Florida. 25c.
- A. Squamosa.** Sugar Apple. Fruit about the size of an orange and very fine. 25c.
- Artocarpus Integrifolia.** The Jack fruit tree of Cuba. Fruit of enormous size; sometimes weighing as much as 35 lbs. Tender, \$1.25.
- Carica-Pawpaw.** Small trees, mostly unbranched. Fruit 6 to 12 in. long; egg shaped. Yellow when ripe. 25c.
- Cocoloba Uvifera.** Sea Grape. Grows on the Florida Keys and along the gulf coast. Leaves large, red veined. Fruit grows in clusters, of deep purple color when ripe; fine for making jelly. 25c, \$2.50 per dozen.
- Eriobotrya Japonica.** Loquat or Japan Plum. Beautiful tree, with thick, evergreen leaves. Fruit ripen in winter and spring. Yellow when ripe and are fine for making preserves. Nice plants 20c, \$2.00 per dozen.
- Eugenia Jambos.** Rose Apple. A small tree with long leaves, shaped like the Oleander. Fruit small, about 2 inches thick, rose-flavored. 15c, and 25c.
- E. Michelli.** Surinam Cherry. Shrub, bearing red, cherry-like fruit in summer. Used for making jelly. 15c, \$1.50 per dozen, large plants 25c, \$2.50 per dozen.

Mammea Americana. Mammee apple. A large evergreen tree bearing large edible fruits. Hardy in South Fla. 50c.

Mangifera Indica. Mango. The Mango is considered one of the best of tropical fruits. We have had the old seedling mangoes in Florida for many years, but it has only been of late years that the finer varieties have been imported from India and their appearance has been the means of causing the mango industry to flourish in South Florida.

When grown where the frost will not hurt them they are grand trees and everyone should have one or more of the finer sorts. All grown in wooden boxes.

4-YEAR-OLD BUDDED 'TRAPP AVOCADO PEAR
IN LEE COUNTY. 74 PEARS.

Itamaraca. Fruits peach-shaped. Fruit small, but spicy in flavor. \$1.50 each, \$15 00 per doz.

Mulgoba. The most popular and most generally planted. Fruit has no fiber and considered the finest of any. \$1.50 each, \$15.00 per doz, \$110.00 per hundred.

Rajpury. Fruit nearly round, weighing a little over half pound. Flavor very rich and different from other mangoes. Very little fiber. Price the same as Mulgoba.

- Sandersha.** Fruit very large; sometimes weighing nearly 3 pounds. Very prolific and bears when very young; late to ripen. \$2.50 each.
- Mellicocca.** Spanish Lime. Fruit somewhat acid, but fine; about the size of the plum. Tree grows to a good size. 25c, \$2.50 per dozen.
- Monstera Deliciosa.** (Ceriman). Leaves very large and peculiar. Fruit shaped like the pine cone and resembles the pineapple and the banana in flavor. Very fine. \$1.00 and \$2.00.
- Musa.** (Banana) Hart's Choice or Lady Finger. Considered by many to be the best for planting in Florida. More hardy than most bananas. Suckers, 25c, \$2.00 per dozen.
- M. Orinoco.** (Horse Banana) A tall sort, fruit something like the plantain. Fine for cooking, but very good raw. Price the same as above.

3-YEAR-OLD BUDDED AVOCADO PEAR
IN LEE COUNTY. 56 PEARS.

- Persea Gratissima.** Avocado, or Alligator Pear. The best and most valuable fruit grown in Florida. The Avocado has wonderful possibilities and it is destined to become one of the greatest money makers we have for Florida. Budded trees, grown in wooden boxes 5x5x12 inch. \$1.50 each, \$15.00 per dozen, \$110.00 per hundred.
- Estelle.** Ripens early in July and occasionally late in June. Fruits medium size with tight seed. A good shipper.

- Pollock.** Fruits very large, weight two to four pounds. Meat yellow and fine flavor. Season, September and October.
- Trapp.** Considered the best avocado cultivated, owing to the season of ripening; which is from October till late in December and sometimes later. Fruits round, with tight seed, which makes it a good shipper.
- Ponderosa Lemon.** A lemon of wonder ul size and quality. Weigh as much as 3 pounds. Bears when very young. 25c and 50c.
- Psidium.** The Guava. We can furnish mixed seedlings of good varieties at 15c, \$1.50 per dozen.
- P. cattleyanum.** The Cattley Guava. More dwarf than the above, and also more hardy. The leaves are broad, thick and handsome. 15c, \$1.50 per dozen. Few large plants at 50c.
- Sapota.** Sapodilla. A small tree with rather broad evergreen leaves. Fruit about the size of a peach or a little larger with several large, black seeds. The "Chicle" used in the manufacture of chewing gum is produced by this tree; Small, 15c, \$1.50 per dozen.
- Tamarindus Indica.** Tamarind Tree. Makes a large and very ornamental tree bearing pods containing edible pulp, used in making a delicious drink. Small, 15c.

VINES AND CREEPERS

- Allamanda Hendersonii.** A strong growing shrub, suitable for growing on a trellis. Large golden yellow flowers. 25c, \$2.50 per dozen.
- Allamanda nerifolia.** Small shrub, growing to six feet with yellow flowers. 15c and 25c.
- A. violacea.** Slender-growing climber and quite distinct from all other species. Flowers of reddish purple. 35c.
- A. Williamsii.** More dwarf and compact, flowers smaller. 25c. \$2.50 per dozen.
- Bougainvillea Glabra Sanderiana.** One of the most beautiful climbers for South Florida. Shows some bloom all the year, but in winter and spring it is entirely covered with rich magenta flowers. 35c, \$3.00 per doz. \$20.00 per hundred.
- B. Refulgens.** Taller and thicker leaves than Sanderiana. Flowers blue to purple. 50c.
- B. Spectabilis Lateritia.** Flowers larger and of a brick-red color. Very rare. \$2.00.
- Bignonia Venusta.** Very vigorous grower, but will not stand very much cold. The vine is entirely covered in winter with deep orange-colored flowers, and sometimes in early summer. 25c, \$2.50 per dozen.
- Cissus discolor.** A small vine with heart-shaped, variegated leaves. 35c.
- Clerodendron Balfouri.** A beautiful quick-growing plant, flowers bright scarlet, enveloped in a creamy-white calyx. 25c, \$2.50 per dozen.
- Jasminum Gracillimum.** Flowers star-shaped, borne in clusters. Pure white. 15c and 25c.

- J. Malayan.** Confederate Jasmine. 15c and 25c.
- Lonicera Honeysuckle.** Evergreen, vigorous climber. Flowers white, changing to yellow; in bloom almost all the time 15c and 25c.
- Solanum Seaforthianum.** Leaves compound; flowers, sky blue, followed by red berries. 25c.
- S. Wendlandii.** Splendid climber with delicate light blue flowers and large leaves. 25c.
- Tecoma Capensis.** Flowers bright scarlet. A good plant for a sunny position. 25c.
- Wistaria Sinensis.** Flowers light blue. Long racemes of attractive flowers in spring and summer. Deciduous. 35c.
- W Alba.** Same as above with white flowers. 35c.

BULBOUS PLANTS

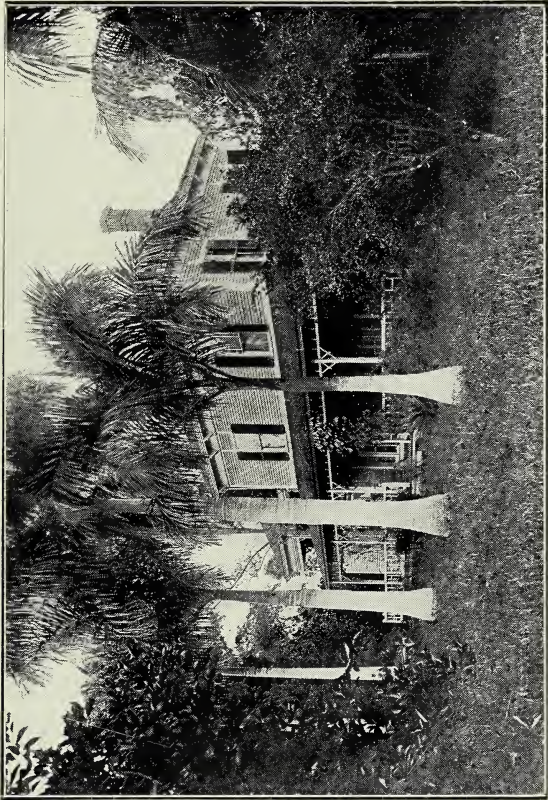

- Alocasia Wacrorhiza.** A beautiful plant with large, green leaves variegated with white, 50c.
- Amaryllis.** Flowers trumpet-shaped; from 4 to 8 inches across. Color red. 15c, \$1.25 per dozen.
- A. Hybridus.** A grand strain of hybrid Amaryllis; flowers of very large size and beautiful colors. 50c and 75c.
- A. Johnsoni.** Flowers deep crimson, striped with white. 25c, \$3.25 per dozen.
- Caladium.** Nice plants for window-boxes and are also nice for bedding purposes in protected places. Plants start into growth about April first, dying back in fall. 15c \$1.25 per dozen.
- Caladium Esculentum.** (Elephant's Ear.) One of the most effective plants for bedding. Grows to 8 ft. and bears leaves of enormous size. 25c, \$2.25 per dozen.
- Cannas.** They grow very rapidly and bloom freely. They should have rich soil, sunny position and plenty of water. We have a nice assortment not named. 15c, \$1.25 per dozen.

FERNS

- Adiantum Farleyense Gloriosa.** "Glory Fern." A form of Farleyense, but of much easier growth. Will succeed under same conditions as any ordinary maiden hair. Fronds are very heavy and graceful. Nice plants 50c.
- Adiantum Hybridum.** One of the best of maiden-hair ferns. Foliage large and heavy. 15c, 25c and 50c.
- Alsophila Australis.** Australian Tree Fern. A very rapid growing tree fern suitable for large ferneries. Fronds are broad and long; lace-like in appearance. Used in Southern Florida for planting out. Small plants 25c, larger 50c, fine plants \$1.00.
- Cibotium Schiedeii.** One of the most valuable tree ferns in cultivation. Fronds long and drooping. Fine plants \$1.00 and \$2.00.

- Lygodium Scandens.** Japanese Climbing Fern. 15c.
- Nephrolepis Davallioides Furcans.** The "Fish Tail" or Stag-Horn Boston Fern. One of the best ferns as it grows to a large size under any ordinary condition. Small 15c, \$1.25 per dozen; larger 25c, 50c and 75c.
- N. Exaltata.** The old original Sword Fern. Fronds long and narrow. 10c and 25c.
- N. Bostoniensis,** The Boston Fern. Fronds arch and droop very gracefully. The old favorite. 15c and 25c.
- N. Goodii,** "Baby's Breath Fern." Fronds very fine and filmy. Nothing is more exquisite than a well-grown specimen. 25c.
- Polypodium Mandaianum.** A beautiful fern, producing on well-grown specimens, fronds four to five feet long. Very free growing and makes magnificent specimens in all its sizes. \$1.50 and \$2.00.
- Pteris Argyrea.** Fronds large, light green with silver-white band through center. 25c.
-
- Agave.** (Century Plant.) One of our most beautiful decorative plants. Sorts named will stand quite a bit of frost. O. G.
- A. Americana variegata.** A handsome variety, with leaves striped with creamy-white. 25c and 50c.
- A. Neglecta.** Leaves green, recurved. Large sort. 25c.
- Epiphyllum.** Crab-claw Cactus. Grows very easily; the long growth hanging down over the side of the pot. Flowers rosy crimson, coming in winter, 15c and 25c. Grafted on straight stems 50c and 75c.
- Euphorbia splendens.** (Crown of Thorns.) A low growing plant with many thorns. Flowers scarlet, 25c.
- Opuntia vulgaris.** Prickly Pear. Very spiny species common in Florida. Flowers bright yellow. 10c. O. G.
- Yucca filamentosa.** (Bear Grass.) A native plant with long green leaves. Flowers are borne on tall stalks above the plant. 15c and 25c. O. G.
- Y. Variegata.** Resembles the above, except leaves are striped with white. 50c.

ROYAL PALMS IN GROUNDS OF THOS. A. EDISON, FT. MYERS
